

Student guide

Through the Learn 150 resources and activities, you can make a difference in Manitoba and the world. Use these Issue Cards and campaigns to be an advocate for change in your community!

How to use each resource:

Issue Cards:

First, find the issue you are passionate about! Before you take action on a campaign, it's important to learn about the root causes of the issue. Discover quick facts and have deep discussions by exploring the topics of nutrition, diversity and Reconciliation in Manitoba.

Service-Learning Action Campaigns:

We have created three service-learning action campaigns for Learn 150 that guide you through the basics of organizing an action plan from start to finish—to turn your passion into action! We've put together these campaign activities, but here's the thing: if you want to do things your own way, we say go for it. Campaigns are all about finding ways to make things your own.

Here's the basic format that each campaign follows:

1. Investigate and Learn: Explore your issue and learn as much as you can about

it. Set a specific, measurable goal that your group can work toward.

- 2. Action Plan:** Work out the logistics of an action that will make a meaningful difference for your issue.
- 3. Take Action:** Get out there and make it happen! Check back with your action plan to make sure you're staying on track.
- 4. Report and Celebrate:** Look back at your goals to evaluate and celebrate the impacts your group made.
